16 May 2016

Dr. Arthur B. Weglein  
University of Houston  
Dept of Physics, SR-1 Room 617  
Houston, TX 77204-5006

Dear Dr. Weglein,

It is my privilege to notify you that by unanimous decision of the SEG Honors and Awards Committee and the SEG Board of Directors you have been selected to receive the Society's Maurice Ewing Medal. This honor is in recognition of your work on the inverse scattering series and writing and teaching for the seismic industry.

*"The Maurice Ewing Medal shall be awarded from time to time to a person who, in the unanimous opinion of the Honors and Awards Committee and of the Board of Directors, is deserving of special recognition through having made major contributions to the advancement of the science and profession of exploration geophysics. The award of the Maurice Ewing Award shall confer Honorary Membership on its recipients."*

Official recognition of your award will take place on 18 October 2016 during SEG's Annual Meeting in Dallas, TX, USA. You will be notified of the exact time and place as soon as arrangements have been finalized.

In preparation for this occasion, please invite someone to prepare a written citation for publication in the program booklet and subsequently in *The Leading Edge*. Please complete the attached information sheet and return it to Mandi Duckworth by email ([mduckworth@seg.org](mailto:mduckworth@seg.org)) by **27 May**. To meet the program booklet production deadline, your citation must be received by **24 June**. We will contact the person you select to write your citation concerning its preparation as soon as you notify us. We will also need a recent photo of you by the **24 June** deadline. In order to maintain continuity throughout the program book, we are requesting a hi-resolution (300 dpi) TIF or JPG digital photo of you in business attire. Please send your photo to Mandi. If you have any questions, feel free to contact Mandi at the email address listed above.

On behalf of the Society, congratulations on being selected to receive the Maurice Ewing Medal. Your important contributions to the sciences and our profession are greatly appreciated.

Sincerely,

John Bradford  
2015-16 SEG President
