Dear Professor Weglein:

It is with great pleasure that I congratulate you on receiving the prestigious Maurice Ewing Medal from the Society of Exploration Geophysicists.

Your research benefiting our nation's energy security, your many previous national awards, and your scholarly work bring added prestige to your college and the university. It is thanks to exceptional faculty members such as you that the University of Houston is able to continue on its path to greater national and international recognition.

With warm regards,

Renu Khator
